HON. R. REIERSON,
MINISTER

J. E. OBERHOLTZER,
DEPUTY MINISTER

EDMONTON ALBERTA CANADA

Edmonton, Alberta,
September 1, 1956.

This Directory of Alberta wholesalers and wholesaled products is presented to you with the compliments of the Department of Industries and Labour.

The gross value of wholesale trade proper increased from $120.0 million in 1941 to over $660.0 million in 1955. This growth has been accompanied by a corresponding growth in distribution facilities as evidenced by the number of wholesalers listed in the Directory.

We are confident that publication of this Directory will aid in promoting trade development of the province.

Hon. R. Reierson, Minister,
Department of Industries and Labour

INTRODUCTION

Included in this Directory are only those wholesale businesses which hold wholesale licenses issued by the Licensing Branch, Department of Industries and Labour, and which replied to a questionnaire circulated to determine the products handled by each.

Wholesale businesses are licensed by authority of The Licensing of Trades & Businesses Act. "Wholesale Business" includes the sale or distribution of commodities, goods, wares or merchandise to retailers, and to institutional, commercial and industrial users. As defined by the Act a "wholesale business" maintains a stock of merchandise in Alberta for distribution.

The Code of Fair Competition and Business Practice for Wholesale Trade establishes regulations for the conduct of a wholesale business. By the code wholesalers are prohibited from unfair competition and trade practices, such as selling to ultimate consumers. Lists of approved wholesale accounts have been prepared by an advisory committee of wholesalers of the province of Alberta.

This Directory is divided into two sections: Page

1. Section one lists Alberta Wholesalers alphabetically, with addresses, and products wholesaled 7

2. Section two is an alphabetical list of lines of products wholesaled in Alberta, together with name and location of the wholesaler 29
